A dispatch from Frankfort says: "The Frankfort base ball team has made itself solid with the fans by winning the last three games and taking the lead in the race for the pennant. The home team has not met the strong Paris and Richmond teams yet, but will do so next week and the week after, and then the relative playing strength of the teams can be sized up."

#### Bad Negro Captured.

Dan Chinn, a negro, was arrested Sunday on a charge of malicious striking with intent to kill. Jack Adams, another negro, was his victim, and he alleges Chinn waylaid him, striking him on the head with a slungshot. Adams was found in a straw stack near Claysville in an unconscious condition and reported the fact to the officials. A physician was summoned and the negro was revived and he told the officers of his assailant. Patrolman Fred Link was in Claysville Sunday afternoon in search of Chinn. He was located in a resort in Claysville, but when the officer made his appearance Chinn was locked in a closet, the door of which was broken in by the officer, and Chinn was lodged in jail. Chinn has on several occasions been in jail for minor offenses, and on one occasion, while being worked at the county quarry, made his escape, but was later captured.

Some hope to cure the tiger of biting by filling his teeth with gold.

#### Richard Hawes Chapter.

The meeting Saturday afternoon of the Richard Hawes Chapter Daughters of the Confederacy, was largely attended. Mrs. Russell Mann presided and after the invocation, Mrs. C. C. Leer read a report of the committee in charge of securing the list of names of Confederate dead in the Paris cemetery. The chapter decided to have the names of those heretofore unknown carved on the Confederate monument.

Mrs. Gano Leer read an interesting paper on the life of Happy Jack, a famous Confederate private. Mrs. C. C. Leer followed with an interesting story of the marriage of General Pickett of Gettysburg fame to Miss Corbell, a famous Virginia beauty.

Messrs. Nat Rogers and Joe Hedges, two old Confederate veterans, were present as guests of the chapter. After delightful refreshments by the hostesses, Mrs. W. G. Talbott and Mrs. Joe Ewalt, the chapter adjourned.

### Solicitors at Work.

The Nicholas County Board of Control in session at Carlisle Tuesday made necessary financial arrangements for the handling of the 1909 crop of tobacco for Nicholas county. The Burley tobacco warehouses will be opened about June 1 to receive the pooled tobacco in summer order. J. W. Dalzell, Jr., secretary of the Nicholas County Board of Control recently put out the books for pooling the 1910 crop. Various precinct workers have charge of the pooling campaign but aggressive work has not been begun. Reports from the various precincts indicate that the Burley Tobacco Society will be able to procure the greater per cent of the tobacco of the county for the pool.

### Ninth District Candidates.

Mordecai Williams, of Ashland, Boyd county, has announced his candidacy for the Democratic nomination for Congress in the Ninth District. Mr. Williams is the first Democratic candidate to make his announcement, but several other prominent Democrats are spoken of as probable candidates. Among those mentioned are Dr. C. W. Mathers, of Carlisle, E. E. Lawrence, formerly county clerk of Boyd county, Edgar B. Hager, who was defeated two years ago by Hon. James N. Kehoe, of Mason, for the nomination, Judge J. J. Riley, of Pownan, and Hon. M. V. Hennessey, of Mason.

### Hand in Hand.

A preacher said: "You editors dare not tell the truth, your newspapers would fail." The editor replied: "You are right; and the minister who will at all times tell the truth about his members, living or dead, will not occupy the pulpit more than one Sunday, and he will find it necessary to leave town in a hurry. The press and the pulpit go hand in hand with white-wash and kind words. Magnifying high virtues into large ones, the pulpit, brass and gravestones are the great saint-making triumvirate." The great minister went away looking very thoughtful, while the editor turned to his work telling about the surpassing beauty of the bride, when in fact she was ugly as mud.

### Shall Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and tuning up the system they're unequalled. Easy, safe, sure. 25c at Oberdorfer's

### Shakers are Rapidly Decreasing.

News that the property of the Shaker Colony at Union Village, Ohio, has gone into the hands of a receiver and that the colony itself will probably soon be wiped out by the death of its venerable members, calls attention to the slow passing of the oldest community religious body in the United States, says the Detroit Free Press. In 1887 there were 4,000 Shakers in the country; today there are fewer than one thousand, scattered in fifteen colonies.

Because the Shakers have always been a harmless, lovable, inoffensive folk of marked individuality, they have made a deeper impression on the country than many a much larger sect, and they have figured rather extensively in story and novel.

They anticipated the prophecy of Annie Besant, she of the astral insight, by more than a century, accepting Anne Lee, alias "Anne the Word," and "Mother Anne," as a reincarnation of Christ. But they worship neither Christ nor Anne Lee, but simply "The Highest Good," and while they esteem the Bible, they consider much of it secular writing, and believe in continuous spiritualism. They are temperate, frown upon tobacco, eat no meat, and cancer is unknown among them. From this the vegetarian may perhaps draw some comfort. Being a species of Quaker they are non-combatants. They amassed considerable wealth through their industry, but the money appears to be slipping away with the membership.

The explanation of the Shakers' always small numbers and their present decline is to be found in their doctrine of celibacy. They do not oppose marriage for others, but they hold that the wedded state prevents the attainment of "angelic orders." The Shakers have been so unique a factor in American life and so wholesomely picturesque that their decline is more pathetic. It is an ethical disaster.

### PUBLIC SALE

—OF—  
**Fine Bourbon Stock and  
Tobacco Farm.**

As heirs of the late Mrs. Sallie E. Moore we will sell on the premises, 3 1/2 miles from Paris on the Paris & Cynthiana turnpike, on

Thursday, May 26th, 1910,

at the hour of 2 o'clock p. m., and without reserve, her farm of 360 acres of land.

The farm is without question one of the best improved tracts of land in the Blue Grass region, and is in a high state of cultivation.

It has been in the same family for one hundred years and each generation has taken great care in preserving the fertility of the land.

It has upon it one of the best two-story modern brick residence in the county, containing eleven rooms, halls, 10 closets, 1 store room, a double front veranda, with elegant bay window, between, double back porches and with cellar under main portion of the building.

The house contains a slate roof, has been newly painted and is in splendid condition, inside and out. There is a large cistern near the rear door, and one of the best ice houses in the State.

There is also on the premises a meat house, brick cabin in the yard; stable; tobacco barn for 10 acres of tobacco and a good tenant house of five rooms.

The farm is one of the best fenced tracts of land in the country, is very productive and is all in grass except 110 acres. It is well watered, Cooper's Run flowing through one corner of the place, while a number of never failing spring and pools make the farm drouth proof.

The land lays well, being sufficiently rolling to afford natural drainage, and is of rich productive soil. A field of 60 acres of corn last year has now upon it a fine crop of growing wheat, which is sown to clover, the latter being up nicely. Sixty acres is to be planted in corn and can be seeded to wheat in the fall of 1910. The farm is surrounded on all sides by citizens who own their farms, Col. E. F. Clay, the owner of Runnymede, and his son, Mr. E. F. Clay, Jr., being on the South side. Mr. George Wagner on the west, the land of Miss Elizabeth Grimes and Mrs. R. C. Talbott on the north and bounded by Stoner creek on the east.

The residence and surroundings are among the most attractive on the Paris and Cynthiana pike, the former being located 75 yards from the road and approached with a beautiful heart shaped driveway.

The yard comprises several acres of land well set in blue grass and shaded with cedars, maple, walnut, and several stately oak and ash trees.

The line of the Cynthiana and Paris Interurban railway, which has been surveyed and will be built within the next twelve months, runs directly in front of the premises and will afford quick transportation in either direction.

The farm will be sold in two tracts the home place (going in the direction from Paris to Cynthiana) containing 235 acres, and including the improvements and the rental contract for the year 1910, will compose tract No. 1; and the unimproved land, lying immediately across the pike and containing 125 acres, will compose tract No. 2.

Tract No. 2 is one of the richest bodies of land in central Kentucky. It is a deep virgin soil, and contains one hundred acres of fine timber and is richly set in blue grass. The timber consists of mammoth red and white oak, blue and black ash, maple and walnut trees and is of such a variety and abundance as to be sufficient to build a number of tobacco barns. This tract of land has upon it an elegant and commanding site for a residence every acre of the one hundred twenty-five will produce several fine crops of tobacco, after which it would produce the finest corn and wheat that could be grown.

Prospective buyers are invited to visit and inspect unequalled opportunities as a stock and agricultural farm.

The farm will first be sold as a whole, including the rental contract for the year 1910, and possession given March 1, 1911.

It will then be sold in separate tracts, and the highest and best bid will be accepted.

If sold separately, purchaser of tract No. 2 can have immediate possession.

The terms of the sale will be liberal and made known on day of sale.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. It soon stopped the cough and I am now in better health than I have had for years. ### Youth Heir to Snug Fortune.

Henry Billings, a fourteen-year-old boy, who according to the terms of the will of the late James Woodward, of Winchester, Ky., is heir to a snug fortune upon the death of Mrs. Woodward, recently went to Judge Caldwell, of the Juvenile Court of Cincinnati, and said that he was wanted in Kentucky, but that he would much prefer to remain in Cincinnati.

It was learned subsequently that young Billings had run away from Winchester, where he was living with the Woodward family. George L. Sehon, Superintendent of the Kentucky Children's Home, said that the boy was a ward of the Methodist Orphans' Home, of Louisville, until he was adopted by the Woodward family.

On the death of Mr. Woodward, the boy grew unruly, according to his foster-mother, and finally left her home. He had not been heard from until he turned up in Cincinnati.

It's positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50c at Oberdorfer's.

### Negro "Bootlegger" Fined Heavily.

In the County Court Saturday Judge Denis Dundon assessed a fine of \$250 against Brice Howard, a negro, for selling liquor in the negro suburb of Claysville without license. Howard was under indictment in the Bourbon Circuit Court on five counts charging bootlegging and recently surrendered to the authorities. He was arraigned for trial and when the case was called asked for a jury, the latter failing to agree. He then pleaded guilty in the county court and the penalty imposed by Judge Dundon carries with it directions that the fine be worked out at the county rock quarry, if not paid.

### Gas Explosion Wrecked Building.

An explosion of gas in the residence occupied by W. H. Waller, in Mt. Sterling Saturday night tore out the rear and one side of the house. The explosion was heard all over the city and some thought it the comet or an earthquake. It is supposed that Mr. Waller, in attempting to light the fire, and the room being full of gas, the explosion followed. Waller was badly burned about the face and hands.

### MATRIMONIAL.

—Mr. and Mrs. J. W. Bramblett, of Paris, announce the engagement of their daughter, Mae Belle, to Mr. Clarence Carl Robbins. The wedding will be solemnized at the Phoenix Hotel, in Lexington, on Wednesday, May 25. The bride-to-be is a charming young lady and is quite popular. The prospective bridegroom is a stenographer for the Winchester News and is a popular and worthy young business man.

### Big Time Tonight.

All roads will lead to the Paris Grand tonight. Everybody is anxious to hear the result of the vote in the baby contest which closed on Saturday night. Never before has there been such interest manifested in any contest in Paris. The voting at the last narrowed down to two contestants—the pretty little daughter of Jimmy Poole, of the Paris Base Ball Club, and the handsome young son of Mr. James Hardy. Both sides to the contest had a large number of enthusiastic workers, and each side was sure they had won. All day yesterday and Sunday Manager Porter was besieged with inquiries as to the result, but he was as dumb as an oyster and said the result would not be made known until the close of the first performance tonight. Consequently everybody in town will be there tonight to cheer for their favorite if it wins, or to congratulate the winner.

Another big drawing card for tonight is the handsome shirtwaist which Mr. Porter will present to some lady in the audience absolutely free. Every lady purchasing a ten cent ticket will be given a number. At the end of the second performance the duplicate numbers will be placed in a box and well shaken. Someone from the audience will then draw a number from the box and the person holding the duplicate to it will be presented with the shirtwaist. It is one of the handsomest ones in Frank & Co.'s store, and is well worth the spending of ten cents to secure.

Mr. Porter will also give to some one in the gallery holding the lucky number a big fat chicken which is now on exhibition in the window of Langston & Hainline.

Besides all this there is one of the best shows ever seen at the Grand. Two big double acts, two sets of moving pictures and an illustrated song. If you can get more than that for ten cents anywhere in the United States call up Manager Porter and tell him where it is and he will present you with a season ticket to the Grand.

### Wool Wanted.

Call and see us before selling your wool. Call and get sacks and twine. Either phone 84. R. B. HUTCHCRAFT, Paris, Ky.

### Initiation Tonight.

Five candidates will be initiated in the Elks lodge at a meeting tonight. Full attendance of the members is requested.

### Butter Wanted.

We want all of the country butter you can bring us. C. P. COOK.

### Summer Suggestions.

Don't think of purchasing your summer outfit for your home without getting prices on our refrigerators, swings, hammocks, porch furniture, carpets and rugs. We can save you money and at the same time give you better values than you get elsewhere. J. T. HINTON.

### DEATHS.

—Mr. Frank Toohey, of Mt. Sterling, died at the St. Joseph hospital, Lexington, Friday, as the result of an operation for appendicitis. He was formerly a resident of Paris, and the news of his death was received with much regret by the large numbers of friends of the deceased in this city. The remains were brought to the residence of his brother, Mr. John Toohey, on the Hume and Bedford pike and the funeral services held from the Catholic church, at 3:30 o'clock Sunday afternoon conducted by the Rev. Father McCafferty, of Mt. Sterling. Burial in the Paris Catholic cemetery.

—The remains of Mr. Fay Thornton, who died in El Paso, Texas, last week arrived in this city on the 10:10 a. m. train yesterday morning and were taken to the residence of his brother-in-law, Mr. John Connell, on Seventh street.

The funeral will be held from the Catholic church this morning at 9 o'clock, conducted by the Rev. Father Eugene DeBruyn. Burial in Catholic cemetery.

—Mrs. Jean Harmon, aged 73 years, died at her home on the Clintonville pike yesterday morning at 11 o'clock of paralysis of the heart.

Mrs. Harmon was a native of New York State and came to Bourbon county early in life and was at the age of 22 united in marriage to Mr. John W. Harmon, who preceded her to the grave several years.

She was one of the wealthiest women in Bourbon county, being in possession of over four hundred acres of fine Bourbon county land, besides owning several pieces of valuable real estate in this city.

Mrs. Harmon was a woman who was loved and respected by everyone who knew her. She was highly educated and possessed many traits of character that won for her the admiration of all. In the latter years of her life she showed a disposition for the company of young people and by her congenial manner won the esteem and affection of the many who made her acquaintance.

She is survived by one daughter, Mrs. Florence Harmon Turner, of this city, one brother and one sister, of New York. A sad coincidence in connection with the death of Mrs. Harmon was that her brother and niece are very ill and not expected to recover.

A prayer and song service will be held at the grave in the Paris cemetery at 3 o'clock this afternoon, conducted by Mr. W. O. Hinton. The pall bearers will be: E. B. Sparkes, Wm. Remington, Bishop Hibley, J. Walker Muir, J. Will Thomas and J. W. Hayden.

## Elder Morgan Writes to Church.

The following letter received by Elder Crossfield from Elder Carey E. Morgan was read at the Christian church Sunday morning:

"Cairo, April 23, 1910.

"Dear Brother Crossfield—Please let me send this message to the church through you. I am rushed all the time and so find it difficult to write many letters—but you can understand how that is. Tell them I think of them again and again and that on my knees at my bed in these strange cities I pray to God in their behalf. I had my heart full of them and am moved to tears as I sit here thinking about how good they have been to me. I hope I shall be more useful to them when I get back home and more worthy of their good will than ever before. I want them to know who happy I have been. I did not know it would be possible to enjoy the trip so much. My soul has been stirred to the depths again and again both in Rome and here in the land of the Past. I have been visiting scenes that were familiar to Joseph and Moses and have looked on monuments that stood where they now stand in the days of Abraham. Tomorrow, Sunday, we will be at Port Said and the next Sunday in Jerusalem, and then on the Mount of Olives near to Gethsemane. I am to preach and lead our company in worship. We will be nearly a month in the Holy Land and then on to Asia Minor, Greece and Europe. It seems a long ways home but the same stars shine over the loved ones far away. Tell them how much I appreciate their kindness to my brave wife.

God bless everyone of them and you, too, my dear friend and keep you all safe. The big bundle of steamer letters and telegrams were a great joy to me. Love to everyone.

CAREY E. MORGAN.

The Danville Advocate has the following of the event: "The opening event of the commencement season was the musical given Thursday evening by Miss Elizabeth Crutcher in the College chapel. A most appreciative audience greeted Miss Crutcher, whose brilliant execution held the close attention of her audience throughout the entire program. She was most ably assisted by Miss Ruth Carroll with several beautiful vocal selections."

—The Lexington Herald says: "Misses Daisy and Dudley Hume entertained Saturday afternoon with a beautiful informal afternoon tea at their country home on the Winchester road in honor of Mrs. William Breckinridge Ardery, of Paris, nee Miss Julia Spencer, one of the season's charming brides.

"The lovely old home was decked with many plants, blue iris, snowballs, syringa and other lovely blossoms, with great swinging fern baskets and plants on the porches to complete the attractive scene. In the dining room the tea table was beautified with large pieces, vases of iris, silver candelabra holding white candles shaded in blue, and pretty platters of sandwiches, mints and almonds. At one end of the table Miss Eleanor Coleman served tea and at the other Miss Jane Graves presided over the bouillon cups. The guests were received informally by the hostesses and lovely guest of honor, who were assisted by Mrs. B. T. Hume, Miss Martha Hume, Miss Eva Spencer, Miss Helen Lafferty and Miss Florence Stoll. The tea was a pretty compliment to Mrs. Ardery, and about thirty guests enjoyed the afternoon."

## Wont Carry the Independents.

A great many tobacco growers were in Cynthiana Saturday afternoon and the prevailing sentiment among them was to wait until the independents show their hand and pool, and the pools previous to that, will sign the 1910 pledge. Harrison has been a strong pool county and it is the plan with a great many of the pool people not to again carry the central blue grass counties, who have been independents and have stayed out of the pool.

It is stated, however, that if those counties show the right disposition to pool their crops, Harrison growers will sign up their tobacco readily. The growers in that county report that the tobacco plants for this year's crop are small and scarce and that the crop that had been counted on can not be gotten out.

## STOCK, CROP AND FARM NOTES.

—A ewe in Franklin county gave birth to four lambs and all are thriving.

—J. F. Epperson who lives near Midway, has purchased the farm near the Woodford county line known as the Ed Ayres place and will move there in a short time, leaving his son in charge of the home place.

—Have some shelter in the pasture which the cattle can seek if storm comes up. Young stock and dairy cows especially suffer from exposure to the cold rains which are common at this season, and their discomfort is a dead loss to their owner.

—CARLISLE COURT—The Mercury says: "Monday was fair and warm. Good crowd attended, but little stock on market. H. N. Rankin bought 16 hogs at from \$125 to \$165. Several sows and pigs were sold at about \$10 off of price a month ago. A few cattle sold at fair prices."

—Work is under way on the big fire-proof storage and redrying plant being erected at Flemingsburg, Ky., by the Burley Tobacco Society at a cost of \$12,000. When completed, the building will be the largest in the county, and will be one of the largest storage plants in this section.

—It is difficult to bring spring pigs up to two hundred pounds weight by early fall, at which time the price is normally higher than it is as winter approaches; but the early pig can be made salable at that favorable season with less expensive feeding than those of later litters.

—The Stanford Journal says that six dollars per hundred is being offered for hemp of the crop of 1910. A very small crop was grown last year and a still smaller one is in prospect for the present year. Until someone invents a practical power hemp brake, the crop will continue to be small, as negro labor is to unreliable to trust.

—At a meeting of the Wool Growers Association in Lexington Thursday afternoon the bids on the wool in the pool were refused and the wool was placed in the hands of J. W. Newman of Versailles, for sale. There were seven bids received, of which there is about 100,000 pounds, but after consideration by the holders present at the meeting it was decided to reject all of the bids and leave the wool in Mr. Newman's hands to be disposed of within the next thirty days.

—At his farm near Shelbyville Friday, Dr. H. D. Rodman held his first annual sale of imported Jersey cattle. A large crowd attended, buyers being present from nearly every state in the Union. The 100 head brought an average of \$300 for calves, bulls and cows. The highest price was paid by J. C. Bright, of Shelbyville, who secured Stockwell's Daisy, a three-year-old cow, at \$745. The highest priced bull, Zanzibar Noble, was purchased by Tom Middletown, of Eminence, for \$500.

—James B. Haggin, master of Elmerendorf, who is spending a few days at his estate near Lexington, on Friday confirmed the report of the sale of Rancho del Paso Stock Farm to a Minneapolis law syndicate, headed by George W. Butler. This celebrated ranch, which contains 44,000 acres, and which was owned jointly by Mr. Haggin and the Tevis heirs, is located near Sacramento, California, and is one of the most noted establishments in the world. While the price is not made public, it is understood that the consideration was in the neighborhood of two million dollars.

—John E. Madden has sold the famous brood mare Fanella, 2:13, by Arion, dam Directress, 2:19, by Director, to George G. Moore, owner of Dromore Farm, St. Claire, Mich. She certainly is one of the most noted producers in the country, as she is the dam of that famous unbeaten trotter Sadie Mac, 2:26, winner of the Kentucky Futurity and every other stake she started in until her sudden death at Hartford. Fanella is also the dam of Todd, for which William Bradley paid \$30,000, the highest price ever paid for a trotter in a public sale, and who is the sire of Bob Douglas, 2:06, and many other noted performers.

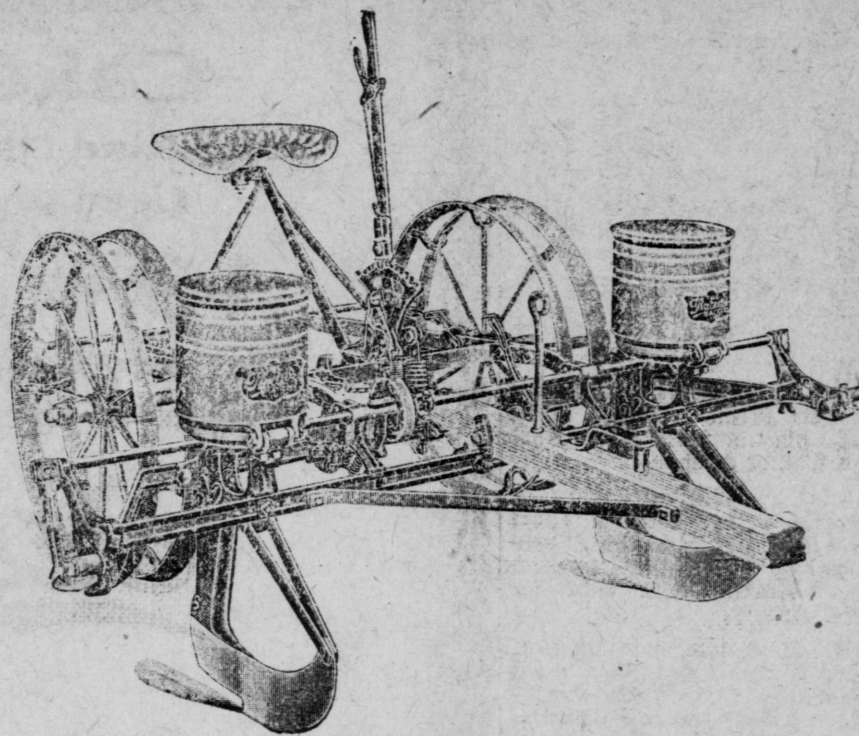

—The farmer who depends on raising grain and selling it for his income always finds that the expense of marketing the grain is an important item and generally cuts into his profits pretty heavily. With the dairyman the case is quite different and especially so with the man who is using a hand separator and selling cream. Cream in proportion to its bulk and weight is the most valuable of all farm products. It can be handled more cheaply and more easily than any other product. Then, too, the grain raiser has to wait a whole year before he gets any returns from his investment, but dairying brings returns in the form of ready cash every few days. This in itself allows the dairyman to be more independent than the grain farmer and puts added life and vigor into his work.

—The raising and marketing of hemp is Northern Indiana's latest industry, says a South Bend correspondent in Indianapolis News. D. S. Myers will turn his farm of 35 acres over to the growing of hemp. Myers brought from Kentucky one hundred and eighty-one negroes, men and women, on a special train. He began his experiment last fall when he grew a crop of 400,000 pounds, which will bring three to seven cents a pound, government experts from Washington having pronounced the crop as good as any raised in the country. The negroes have been took there to break the hemp. Inasmuch as much of the crop was raised on marsh land, owners of land on the Kanawha are watching the results with interest, and the chances are that they will follow Myers' example next fall and turn Northern Indiana into one of the greatest hemp raising districts in the United States.

## Americans to See Passion Play.

A dispatch from Berlin says: "The tide of travel has already set in toward Oberammergau, and throughout the summer all roads in Germany will lead to the place where every ten years the Passion Play is produced. The first public performance will be held on May 18 and many Americans now in Europe will be at Oberammergau on that date. It is estimated that before the last performance, September 25, more than 25,000 American visitors will have seen the famous play."

## Have You Been Counted?

The Census Enumerators are hard at work. In cities whose population was 500 or over in 1900, the enumeration has been completed. In cities of less population and in the country districts, the time is not up till May 15. Supervisor Bristow urges the co-operation of the newspapers, public officials and citizens generally with his corps of enumerators in the effort to obtain a complete and accurate census of this county. If, therefore, you have not seen the Census Man, please fill out and mail the following card:

## \$15 To Insure

The ideal carriage horse is the American trotting bred horse, with size, speed, courage, and the true trotting gait, with plenty of knee and hock action. In addition he must have a clean cut head and neck, style and finish, plenty of substance without coarseness.

Recognizing the demand for this class of horses, I selected Taylor Simmons 23489, a young horse which fills all the requirements of the typical carriage horse. If the theory that "like begets like" be true, he will produce horses of this type when mated with good mares. Through his veins flow the blood of the greatest trotting families. He traces twice to George Wilkes and five times to Mambrino Chief II. This is backed by the stout thoroughbred blood of Boston.

Lien retained on colts until season money is paid.

## Free Child's Remedy

What mother is not looking for something that will help her children in the little ills of life, something for the stomach trouble and the bowel trouble? Long ago she probably has become convinced that a child cannot readily swallow a pill or a tablet, and that to "break them in half and crush them" is an annoyance; that usually they work too drastically, and are nauseating and too powerful for the little one's stomach.

Any mother who will take the trouble of sending her name and address can obtain a free sample bottle of a remedy that thousands of other mothers are using and now paying for. This remedy is Dr. Caldwell's Syrup Pepsin, and the offer of a free trial bottle is open to any mother who has not yet used it. Having used it and convinced yourself that it is what you want, you can obtain it in the future of your druggist at fifty cents and one dollar a bottle, just as so many others are doing, the free sample being simply to convince you of its merits. It is the best way to begin on it. Mrs. L. Davis of 187 W. Harrison street, Chicago, and Mrs. Mary Belford, 1710 Coke street, Louisville, Ky., both started with a free sample and now they write that they have never been without a bottle in the house since.

It is undoubtedly a great family remedy, as it is adapted to all ages, being mild and pleasant to take and yet thoroughly effective. It is especially the ideal remedy for children and women and old folks, who need something pure, mild and natural. It has the advantage of being a thorough laxative and yet contains tonic properties. Use it for the most stubborn constipation, indigestion, liver trouble, sick headache, sour stomach and such complaints with a guarantee that it will cure.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. I'll explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

## Muskrat Farming

Does anyone know of anybody who wants to engage in muskrat farming? The biological bureau of the United States Department of Agriculture believes that the present prices for muskrat furs "might well repay investment of capital in their production." It also believes that a "carefully guarded preserve will yield steady and profitable returns."

Owners of swamp land may be interested to know that on the eastern shores of Maryland the muskrat industry has reached large proportions and that in Dorchester county alone it brings in about \$100,000 annually. The skins sell in Baltimore at from 35 to 45 cents apiece and the dressed muskrats are worth 4 cents apiece. The demand for the meat is growing. Land owners are getting good returns from leasing their swamps to trappers. The muskrat is a good forager and he needs no feeding.

The biological bureau gives all this information on and a great deal more in "Farmers' Bulletin 396," issued on April 30. It tells about the muskrat's economic value, his habits, his modes of house building and the best methods of trapping him and depriving him of his valuable pelt. It treats of him as "a pest," but the evidence goes to show that he is not much to be dreaded in that respect. He makes himself a nuisance sometimes through his chronic desire for burrowing. He likes to get at the inwardness of milldams and levees and railroad embankments, and in his energetic operations he frequently causes trouble for mill-owners section hands and farmers. It is known that in countries where there are great areas of marshy ground the muskrat's economic value, far outweighs the harm he does.

The muskrat is a familiar sight on Kentucky creeks and ponds. In the past he has not been highly esteemed by the trappers. The information that he is becoming valuable both for his hide and his carcass will be news to many Kentuckians. At the present time he is at the top of the list of fur-bearing animals so far as numbers are concerned. There are many localities in Kentucky where the starting of a muskrat preserve would be comparatively easy. The protection of the preserve from poaching would be a more difficult matter.

## Distillery Tax Suits.

State Auditor James is preparing to file a large number of suits against all the distilleries in Kentucky that have warehouses wherein is stored whiskey and upon which storage is charged.

The Auditor thinks the distilleries should pay taxes on the amounts each year derived from these storage incomes and is suing for taxes on said incomes for the past five years.

The amount sued for will aggregate between \$200,000 and \$300,000 for the past five years, and \$60,000 a year in the future. The suits will be filed in the counties where the distilleries are located and assistant Attorney General John W. Lockett and Charles S. Morris have prepared the suits. The Kentucky distilleries will be sued on forty-two distilleries the taxes asked for amounting to nearly \$100,000.

## An Expert's Opinion of Skin Diseases.

A prominent, national expert on skin diseases whose name you are familiar with says that in all his scientific experience he has never found so hard a disease to conquer as Eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. Mr. W. T. Brooks will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

## The Tobacco Situation.

The Williamstown News thus spoke of the tobacco situation in that county "The situation as it now appears in Grant county is that the growers will play a waiting game, willing at any time to sign their tobacco to the pool when they are convinced that enough will be signed by other counties to make it a success. It is almost certain that not more than forty per cent of the Grant county farmers will sign the present contract until they can be shown that they are safe in doing it. They have made up their minds to that, and all the laboratory arguments in the world will not convince them. It was conceded that the small amount of tobacco that remained unpooled in Grant county last year amounted to very little, but the counties that grow big crops and pool only small percentages of them are the ones that will be watched. If they refuse to come in then, so far as Grant county is concerned, all will go together and it will be a race to the market and the old low prices again. On the other hand, Grant county's crop can be pooled in ten days if her people can be convinced that enough tobacco will be pooled to make the pool a success."

A store of unpracticed piety in the heart soon paralyzes it.

Women desiring beauty get wonderful help from Bucken's Arnica Salve. It banishes pimples, skin eruptions, sores and boils. It makes the skin soft and velvety. It glorifies the face. ## Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

## PIONEERS BREAK WINNING STREAK.

The winning streak of the Bourbonites was broken Friday when they were defeated by Richmond by a score of 8 to 4. Poole, who administered a shutout to the Pioneers in Thursday's game at Richmond, started the game, but in the third inning was hit hard, five hits netting the visitors 4 runs, and was relieved in the seventh by Scheneberg. Hodges pitched a steady game and after the first inning he settled down, holding the locals to two hits for the remainder of the game.

In the sixth inning outfielder Kaiser was fined and put out of the game for disputing a decision of Umpire Wilkerson, and Manager McKernan was ordered from the grounds for a like offense. The features of the game were the fielding of Olson and Kline for the visitors. Score:

Paris.....	3	0	0	0	0	1	0	4
Richmond.....	0	2	4	0	2	0	0	8

Batteries—Poole, Scheneberg and Holder for Paris; Hodges and Thoss for Richmond. Three base hits—Kaiser, Olson. Two base hits—Scott, Scheneberg. Hits—off Poole, 8 in six innings; off Hodges 7. Errors—Paris 5; Richmond 3. Struck out—by Poole 1; by Scheneberg 3; by Hodges 5. Base on balls—off Poole 1; off Hodges 4. Hit by pitcher—McGee. Stolen bases—Scott, Kaiser, Taylor. Passed balls—Thoss 2. Sacrifice hit—Sandman. Time of game—two hours. Umpire—Wilkerson.

## PARS DEFEATS WINCHESTER.

The Bourbonites went to Winchester Saturday and took the Hustlers into camp by a score of 3 to 1, in a game thoroughly interesting and in which the locals played brilliantly.

Weakley was on the rubber for Winchester for four innings, but was relieved by Burden after the Bourbonites had taken a lead which was impossible for their opponents to overcome. Winchell for the locals pitched a great game, although he passed five men, but was master of the situation and held the Hustlers to six hits, which were scattered. Thomas, the newly acquired backstop, participated in his first game and showed up remarkably well. The score:

Paris.....	0	0	2	1	0	0	0	0	3
Winchester.....	0	0	0	1	0	0	0	0	1

Batteries—Paris, Winchell and Thomas; Winchester, Weakley, Burden and Ellis. Earned runs—Paris 2. Hits—Paris 8, Winchester 6. Errors—Paris 2; Winchester 2. Two base hits—Weakley, Reed, Maxwell, Barnett. First base on balls—off Winchell 5. Struck out—by Winchell 5; by Weakley 3; by Burden 5. Double play—Maxwell to Barnett. Passed ball—Thomas. Hit by pitcher—by Burden 2. Umpire—Wilkerson. Time of game—fifty minutes.

## HUSTLERS TURN THE TABLES.

The inability of the Bourbonites to connect with Lewis' delivery at critical stages enabled the Winchester club to win a close and exciting game at White Park Sunday afternoon, by a score of 2 to 1.

While the Bourbonites were considerably crippled by Manager McKernan and Outfielder Kaiser being out of the game the team stubbornly contested every point. In two innings with two men on second and third, a timely hit would have saved the day.

Scheneberg pitched a mastery game, keeping his hits well scattered, and striking out nine of the opposing batsmen.

In the opening inning the visitors bunched three of the seven hits, two of which were of the scrappy order, and this, coupled with two errors, netted two runs.

After the first session Scheneberg steadied down and held the visitors with little trouble.

The Bourbonites made a desperate effort in the ninth to tie the score. After Magee fanned, Holder was sent to bat for Thomas and was hit by a pitched ball. McKernan batted for Scheneberg and on the second ball

pitched Holder made a dash for second and by a great slide was safe. The best McKernan could do was to foul back of first, which Mullen handled nicely. With Kuhlman up Holder slid into third on a steal and by many was thought safe, but Umpire Shaw saw it differently and the contest closed.

Two thousand people witnessed the game. Winchester sent a delegation of one hundred and fifty on a special train from that city. The score: Paris.....0 1 0 0 0 0 0 0 0 1 Winchester.....2 0 0 0 0 0 0 0 0 2 Batteries—Scheneberg and Thomas; Lewis and Ellis. Hits—Paris 7; Winchester 4. Errors—Paris 4; Winchester 1. Struck out—by Scheneberg 9; by Lewis 3. Hit by pitcher—Magee, 2; Holder, Thomas. Bases on balls—off Lewis 1; off Scheneberg 3. Time of game—one hour and fifty-five minutes. Umpire—Shaw. Stolen bases—Callahan, Ellis, Holder, Schmidt. Sacrifice hits—Reed, Barney, Magee.

## PARIS TAKES THE THIRD.

Paris took the third game of the series from Winchester at League Park yesterday afternoon by the score of 4 to 0, shutting out the aspirant pennant chasers in a game marked by excellence of team work and timely hitting by the locals. In the first inning Paris got a safe lead of two runs netted by hits and from costly errors by the Hustlers' infield. In the second, third, fourth and fifth each side was retired in one, two three order, but in the fifth, Paris out another score over the rubber, and in the eighth one more, clinching the game and giving the Hustlers a genuine case of fright that they will remember for some time. McCormick pitched a steady game for Paris, and was accorded fine support, the Hustlers getting but five hits off his delivery, while Burden, in the box for Winchester, was touched up for a total of seven safe hits. The features of the game was the fine fielding of Eddington for Paris and Schmidt for Winchester, in left field. McCormick fielded his position in fine style, stopping a hot liner from Ellis' bat that looked good for a two-bagger. The score:

Paris.....	2	0	0	0	1	0	1	x	4
Winchester.....	0	0	0	0	0	0	0	0	0

Batteries—McCormick and Thomas; Burden and Ellis. Hits—Paris 7; Winchester 5. Two base hit—Goodman.
